Reece,

We are pleased to let you know that your RFP submission for the 24-26 school years was accepted by the Eastern, Western and Northern zones. Please sign and return the attached agreement as soon as you have a chance.

Please note that this award is contingent upon your providing NH Buy American exceptions for any items that are not of domestic origin, either regularly or seasonally. We need one PDF per item, named for the item. We did receive some, but there are more commonly used items that we will need this for.

Thank you, and please let me know if you have any questions.

Tim Goossens
