Marc,

We are pleased to let you know that your RFP submission for the 24-26 school years was accepted by the Central, Seacoast, Concord and Nashua zones. Please sign and return the attached agreement as soon as you have a chance.

Please note that this award is contingent upon your providing NH Buy American exceptions for any items that are not of domestic origin, either regularly or seasonally. We need one PDF per item, named for the item.

Thank you, and please let me know if you have any questions.

Tim Goossens
